Britain is working

We're backing Anne again!

ANNE CAMPBELL HAS WORKED TIRELESSLY FOR CAMBRIDGE SINCE SHE WAS ELECTED MP.

CAMPAIGNING FOR BUSINESS – Anne with Andrew Webster, Cambridge tax consultant.

Many of you will have met Anne personally. She may have helped you with a problem. You may have seen her out and about riding her bike in the city. She is approachable, listens and keeps local people informed through her regular newsletters. Anne has always been committed to Cambridge and has campaigned successfully for more investment in our schools, the NHS and other public services.

People from all walks of life, and from across Cambridge are backing Labour's Anne Campbell.

Marie Ferguson-Smith, Pensioner

"Labour has done a lot for pensioners. It's great to see more bobbies on the beat in Cambridge. Anne is a caring MP who has fought hard for older people."

The Walter family

"Thanks to the Child Tax Credit we're much better off. Giving children the best start in life is expensive and Labour understands that."

A Labour Government delivering for the people of Cambridge:

SINCE LABOUR CAME TO POWER

All primary classes are down to 30 or below and standards have improved in our schools.

Record investment in the NHS. More doctors and more nurses. Waiting lists have fallen. Everyone can see a GP within 48 hours.

Crime has fallen. More police on the streets. A commitment to fight anti social behaviour, bringing everyone together to solve problems.

Unemployment, inflation and mortgage rates historically low.

Extra help for families and pensioners making a real difference.

Alex van Someren, Businessman

"Throughout the 9 year history of my company nCipher, Labour has delivered a strong economic environment that has helped the company to create jobs in Cambridge."

Joe Powell, Student

"Labour is giving more people the chance to go to University. The new funding for Higher Education means grants have returned."

CAMPAIGNING FOR SCHOOLS – Anne presenting a cheque to Cambridge head teachers.

Anne says:

"Representing you is a great privilege. I hope you feel I have made a difference. Now I am asking for your support so I can continue my work for Cambridge, so together we can:

- ✓ carry on improving our schools and hospitals
- ✓ ensure pensioners share in the prosperity of the country
- ✓ help cut third world debt
- ✓ make integrated public transport work
- ✓ make politics more transparent."

Hilary Appleton, Art Therapist

"Labour has put record investment into the NHS. I don't want to let the Tories wreck it again. I also support Anne's campaign on recycling as the Lib Dems have failed to meet government recycling targets."

Dr Muhammad Beg, Academic

"I've been impressed by Anne's commitment to foreign policy and the way she visited Palestine to see for herself the situation there."
