

You can vote to go back to Tory time

A decade ago, under the Tories, just 27% of new spending went to health, education and law and order.

Today, under Labour 75% goes to these vital public services.

Either Labour or the Tories will form the next government.

Michael Howard needs Labour to lose seats like Cambridge to become Prime Minister.

Labour invests where it matters to you and Cambridge needs an MP who will stand up for local people.

Keep Anne Campbell campaigning hard for you

economy

Low unemployment, low inflation and low mortgage rates – saving the average homeowner £2600 a year. More help for hard working families in Cambridge with Tax Credits and the Minimum Wage. The Tories are a recession waiting to happen. And don't trust Lib Dem fantasy politics - Lib Dem council tax bills are higher.

schools

Investment in our local schools and hospitals – Cambridge schools have been given money for extra teachers, and improved school buildings. There are more doctors and nurses, more vital equipment and shorter waits at top star rated Addenbrooke's. Everyone can see a GP within 48 hours. Don't forget years of Tory neglect.

health

crime

Crime down. Tough on anti social behaviour – more police on the streets and new powers to crack down on nuisance neighbours. Crime doubled under the Tories. The Lib Dems are soft on ASB. They voted against tough measures in Parliament and won't use DPPO powers in Mill Road.

pensions

Pensioners benefiting – the Pension Credit, Winter Fuel Allowance, and free TV licences. Pensioners at Anne's coffee mornings say they are a welcome boost.

foreign policy

Campaigning at home and abroad – Anne has visited Palestine twice. She voted against the war in Iraq and is campaigning to get the US to back Kyoto.

Anne says,
"It has been a privilege and a pleasure to speak up for the people of Cambridge during my time as your MP. We have made some good progress, but there is still more to do. Now I'm asking for your vote again, so I can carry on campaigning for our great city. Thank you."
